

Teachers One Day Workshop

The Essentials of Implementing an Effective Reading Program P-3 (Full Day)

This day specifically focuses on supporting P-3 teachers in implementing a consistent structured approach to improving the reading of all students in their classroom. A whole - part - whole approach to the teaching of reading is advocated using a continuum of support with the instructional approaches of Modelled, Shared and Guided Reading. All approaches are modelled in a very practical way and ideas and information are shared with regard to managing the classroom learning environment.

CONTENT OVERVIEW

Understanding the Reading Process:

- A very practical approach to understanding the three cueing systems.
- A toolkit of successful researched prompts for supporting readers.
- Assessment - The three levels of analysis of a Running Record of reading.

The Instructional Approaches

- A scaffolded approach - Reading to, Reading with, Reading by
- Applying new understandings of the reading process to teaching using the instructional approaches of Shared and Guided Reading.
- A particular emphasis on Guided Reading and modelling of the approach

Managing the Learning Environment

- The organisation, management and implementation of a reading block
- The organisation and management of small groups of students for Guided Reading
- Ideas for independent literacy learning activities

For workshop dates, times, costs & locations please refer to the event schedule
