

Teacher - Two Hour Workshop

ASD - Avoiding the Crisis

This workshop aims to equip teachers with knowledge and skills so that they can be more effective in the teaching of students diagnosed with Autistic Spectrum Disorder included in the regular Primary or Secondary School classroom.

CONTENT OVERVIEW

Definitions

What is Autistic Spectrum disorder?
Why is its incidence increasing?

Classroom Support and Behaviour Management

A range of options for classroom support and behaviour management will be shared.
The playground will be seen through the eyes of the ASD student and practical ideas for its access and management will be shared.

Crisis Management

Participants will explore the implications of a crisis, how to manage it and how to prevent the next one.

For workshop dates, times, costs & locations please refer to the event schedule
